

## **Project Manager/Planning Engineer**

Aquarion Water Company of Connecticut has an immediate opening for a Project Manager/Planning Engineer to work in our Capital and Planning Department based in Bridgeport, CT. The Project Manager is responsible for assisting the planning group with tasks intended to evaluate all water systems, prioritize, plan and schedule upgrades, replacements, rebuilds and immediate repair of all systems on a most to least critical basis. Position is responsible for preparing master plans and capital improvement plans for each system, and for assisting in preparing short- and long-term capital budgets. Successful candidates will have 6–10 years of related experience and a Bachelor's Degree in Civil or Mechanical Engineering. Must be familiar with hydraulic modeling software and database management. The successful candidate must be able to work both independently and as part of team. Must be detail oriented, have strong written and verbal communication and organizational skills. Qualified candidates may send resumes to HR Department, 600 Lindley Street, Bridgeport, CT 06606, fax (203) 337-5938 or e-mail [hrtemp@aquarionwater.com](mailto:hrtemp@aquarionwater.com). We are an equal opportunity employer.
