Economic Development (All Divisions)

Businesses relocating or significantly expanding operations within designated areas of Aquarion Water Company of Connecticut service territory, or distressed businesses contemplating closing, may receive a volumetric and/or private fire incentive rate reduction. The Company may require proof of eligibility.

The volumetric reduction consists of a 20 percent discount from the then current tail block rate. The reduction will be phased out of existence equally over a ten-year period.

The private fire reduction consists of a 25 percent discount from the then current rate and will also be phased out of existence equally over a ten-year period.

Both the volumetric and fire incentive charges will be subject to periodic effects of a general rate increase and/or Construction Work in Progress surcharge.
