

Water Supply Update

Serving the Communities of Millbury and Oxford

Weather Trends/Outlook

Precipitation totaled 3.16 inches in June. This amount was less than the long-term average of 4.26 inches. The second quarter of 2022 was also lower than average precipitation levels. Millbury and Oxford are currently in a Level 2 – Significant Drought.

How does this impact the conservation program?

Aquarion is required to adjust its irrigation schedule to one day per week. The revised schedule below is now in effect for our customers in Millbury and Oxford to September 30.
